

Security 505: Securing Windows and PowerShell Automation

Welcome to SANS OnDemand! This **Quick Start Guide** is to prepare for your training.

Your Training Includes 4 Months of Online Access

To access your online training materials, log in to your SANS Account at www.sans.org/account/login. On your Account Dashboard, under *My Training*, the following links are available:

Links	Purpose
SANS OnDemand	Access OnDemand course
Course Material Downloads	Download Course Materials listed below
SANS MP3s	Download the course lecture MP3s (not required for OnDemand training)

You can also access your OnDemand course with the **SANS OnDemand App**. Go to <https://www.sans.org/mlp/ondemand-mobile-app/> for more details.

OnDemand Course

Once you click on the **SANS OnDemand** link on your *Account Dashboard*:

1. Access your course by clicking on your course title on the *My OnDemand Course Library* page.
2. Your expiration date will be displayed in your course once your 4-months of access has started.
3. The following course handouts are available for download:
 - o Quick Start Guide
4. On the *Introduction* page, it is important to review all the information.
5. On the *Course* page, start your course at *Welcome to Your SANS OnDemand Course!*

Course Shipment

A printed copy of the Course Books listed under Course Material Downloads will be shipped to you. Your shipment will ship within two business days and you will receive an email with your tracking information.

If it has been more than one week since you paid for your course and you have not received your course shipment, email ondemand@sans.org.
