Voucher Admin Packet_Edited 2022_final.pdf;

Congratulations, you are approved to take the <u>SEC505 Securing Windows and Powershell Automation</u> along with the certification attempt.   The instructions for registering can be found starting on page 12 in the attached document. Basically, it goes like this:
1. Register for a SANS account if you don't have one already: <u>Account Creation Page (sans.org)</u>
2. Login into your SANS account: <u>https://www.sans.org/account/login</u>
3. Pick the course you are approved for: <u>SEC505 Securing Windows and Powershell Automation</u>
    - Select Pricing and Training Options
    - Select Register for OnDemand
    - **IMPORTANT:** Add the GSEC Certification Attempt
    - Go to the checkout
    - Fill in all of the information. When you get to the payment screen use Voucher Account# 231685
4. After you submit it will need to be approved by a CBE administrator.

Please note the following:
- You must register and start the course before September 30, 2024 if you plan to proceed
- You have 120 days to complete the course and take the exam once you start
- The expectation is that you will pass the certification exam as this is a significant investment by the CBE

See me before enrolling if you are unsure, or if you have any questions or concerns.

Thank you,

Jamie Craig MSc
